

Keio University > < Vienna University

Collaboration surrounding the PRINTEPS project:

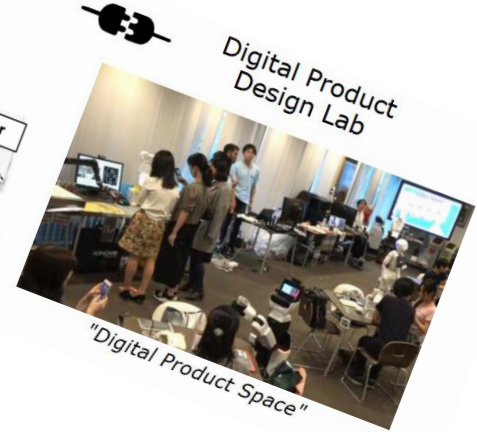

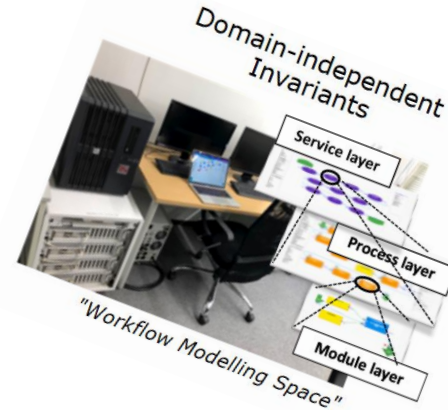

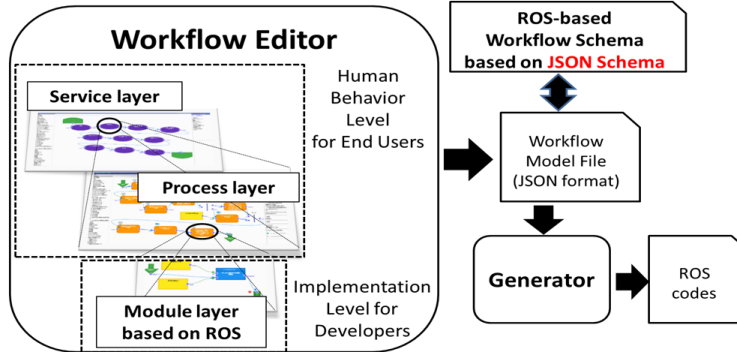

Practical Intelligent Applications funded under the CREST initiative launched by the Japan Science and Technology Agency

Keio University - Extended PRINTEPS Case

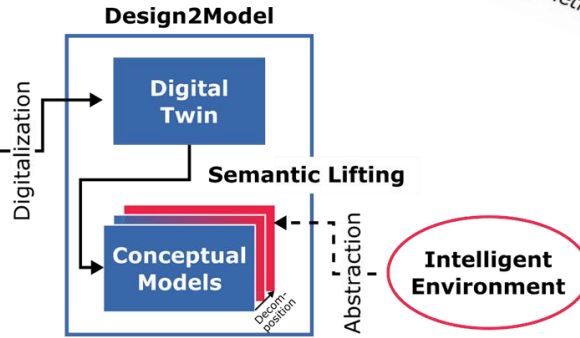

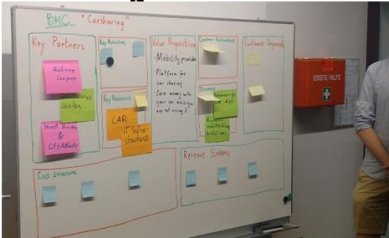

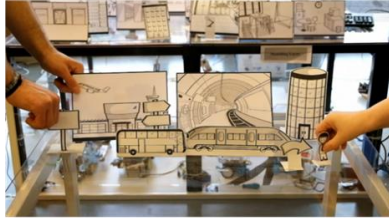

Digitalization and Generation

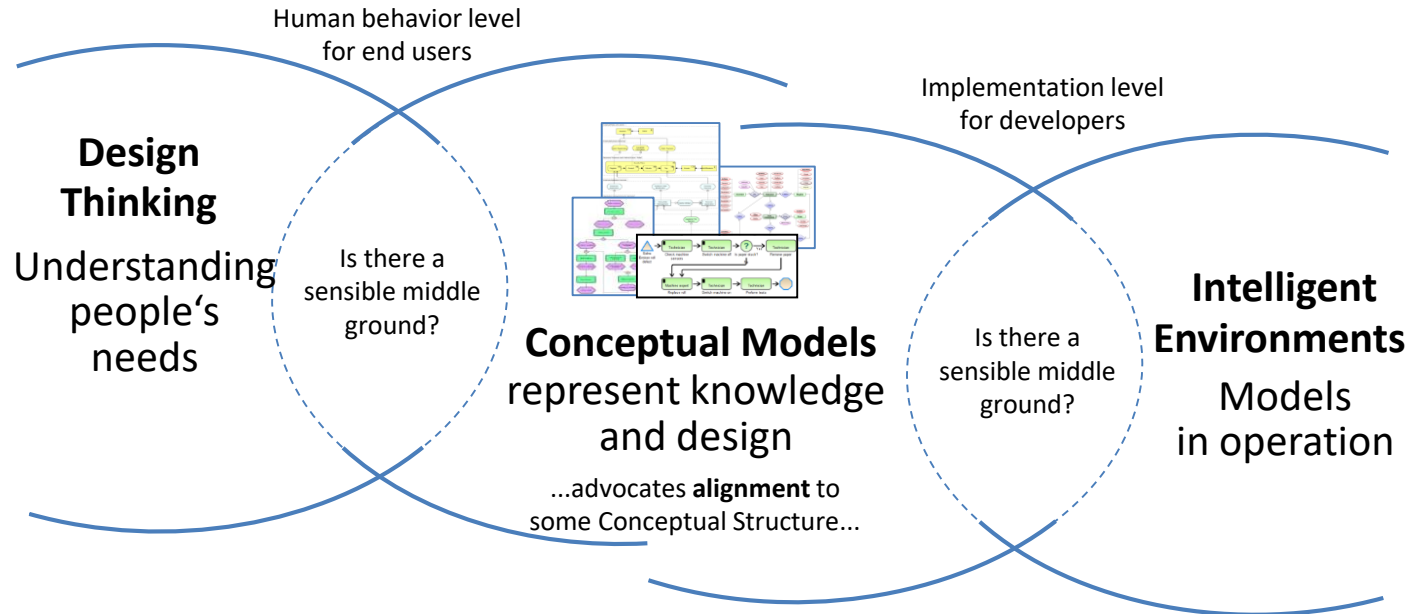

Vienna University - Design2Model & s*IoT Toolkit

“Design Thinking”

Keio University > < Vienna University Approach

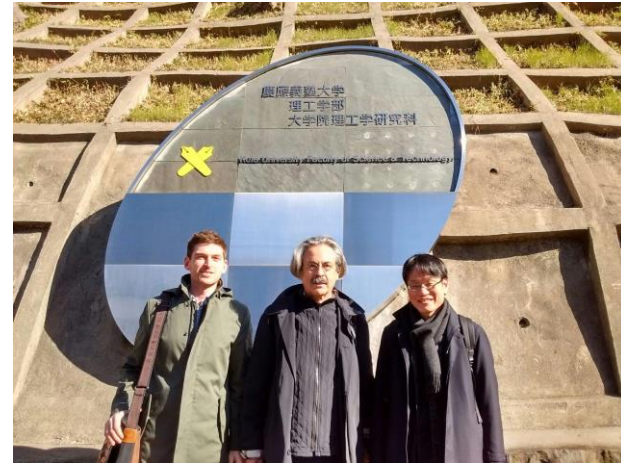

**A Unifying Highly Descriptive Modelling Environment
for the communication of Everything to Everything
e.g. Service Design and Industrie 4.0**

Thanks to Vienna University - Research Group Knowledge Engineering (DKE)

- Established in **1993** as Dpt. Knowledge Engineering (DKE)
